Sir:

The above-captioned application is a continuation of application number 10/244,088 filed on September 13, 2002, to which priority is claimed under 35 U.S.C. §120.

The specification of the present application is substantially the same as that of the parent application. The related applications paragraph has been revised to include a specific reference to the parent application.

The specification has been revised to incorporate amendments entered in the parent application. No new matter has been added.

In addition, "glyoxlyl" has been changed to —glyoxyl— throughout the specification. This is a correction of an obvious error.

Claims 14-20, 37-56 and 33-35, as presented in the parent application, have been omitted and remaining Claims 1-3, 21-32 and 36 have been renumbered sequentially beginning with Claim 1.

Please direct all telephone calls to Steven G. Davis at (978) 341-0036, and all facsimile communications to (978) 341-0136.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
